📸 AI Cheat Sheet for ADHD Brains

1 tool. 1 tip. Pick one and try it in 5 minutes.

ChatGPT

Try it at chatgpt.com. Type 1 short question, send it, then follow up in the same box.

Claude

Go to claude.ai. New accounts verify a phone number by text, so keep your phone close.

Gemini

Go to gemini.google.com. Want a fresh start? Click New chat (top left).

Copilot

Not quite right? Ask it to change the format or go deeper.

Perplexity

Click a numbered source to see where that part of the answer came from.

Canva AI

Describe your design, pick a result, then click Edit to change it.

Gamma

Type one topic, check the outline, then make the slides. No credit card needed.

Notion AI

Click the round face icon (bottom right) and ask for something like a packing checklist.

ElevenLabs

Paste a short paragraph into Text to Speech, pick a voice, then click Generate speech.

Otter

Click Record, talk, click Stop. Your transcript is in My Conversations.

⭐ **Golden rule: one short question, then follow up. Screens change often, so trust what you see.**
